

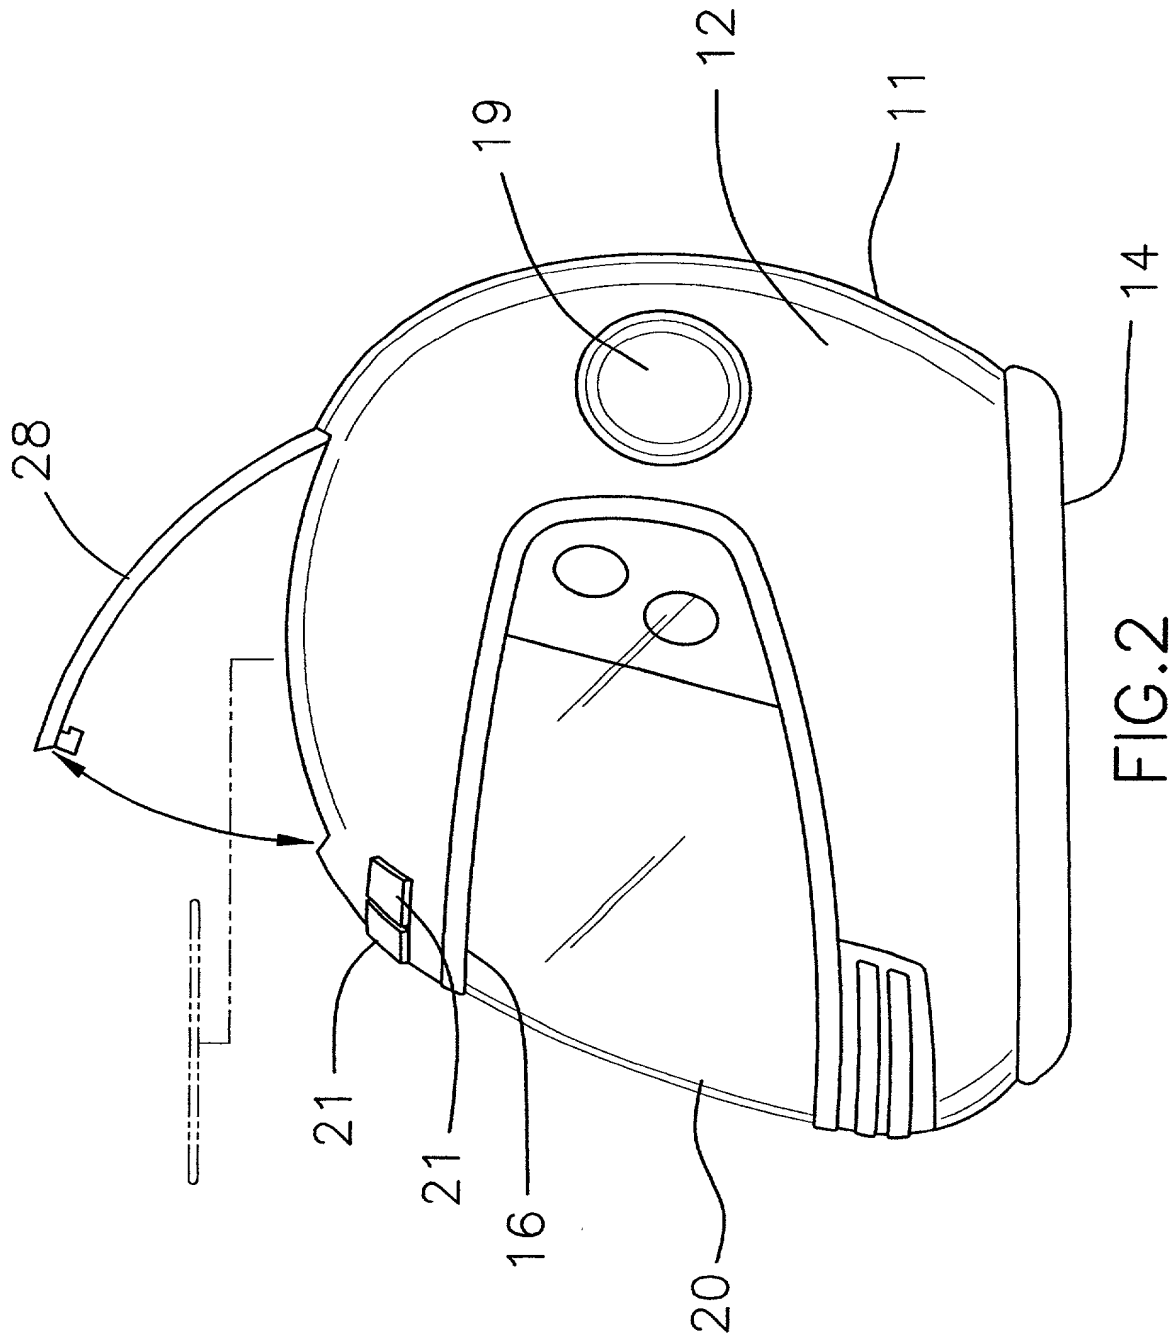

FIG. 1

FIG. 2 is a perspective view of the helmet 10 in a closed position. The helmet 10 includes a shell 11, a chin strap 14, and a chin strap buckle 16. The chin strap 14 is attached to the shell 11 at a first attachment point 18 and a second attachment point 20. The chin strap buckle 16 is attached to the shell 11 at a third attachment point 22. The helmet 10 also includes a communication device 24 and a display device 26. The communication device 24 is located on the side of the shell 11 and includes a microphone 28 and a speaker 30. The display device 26 is located on the front of the shell 11 and includes a screen 32 and a control panel 34. The helmet 10 is shown in a closed position, with the chin strap 14 secured by the chin strap buckle 16.
